- Applicant must hold at least 9 points\* at Advanced Level (National) or 6 points\* at Advanced Level (London) in the Mathematics stream
- \*To calculate A/L (UK) points: A\*/A=5, B=4, C=3, D=2, E=1
- \*To calculate A/L (Sri Lanka) points: A=5, B=4, C=3, S=2

### Jobs Opportunities Available Globally

#### Civil Engineering

- Building control surveyor • Consulting civil engineer • Contracting civil engineer
- Design engineer • Sustainability consultant
- Urban designer

#### Environmental Engineering

- Waterway manager • Green design engineer • Storm water engineer
- Environmental health officer • Hazardous waste manager • Reservoir Engineer
- Environmental Compliance Engineer

#### Mechatronics Engineering

- Robotics engineer/technician • Automation engineer • Control system design/troubleshooting engineer • Electronics design engineer • Design and Applications Engineer

#### Electrical and Electronics Engineering

- Acoustic consultant • Aerospace engineer
- Broadcast engineer • Control and instrumentation engineer • Renewable Technology Engineer • Machine learning engineer

#### Mechanical Engineering

- Instrumentation Engineer • Maintenance Engineer • Automotive Engineer • Engine Designer • Mining Engineer • Railway Engineer
